

## HOW TO PLAY "TIC TAC TOE"

### Number of Players: 2

*Tic Tac Toe is a fun two-player game where players try to get three of their symbols, either X or o in a row before their opponent can.*

To play the game first draw a three-by-three grid (or use the free printable with 9 game grids) so there are nine open spaces in total.

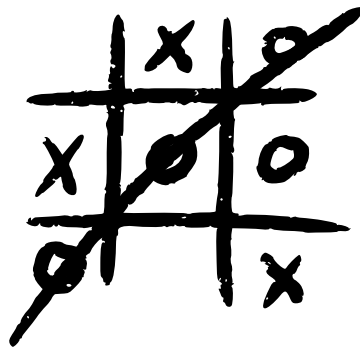

Then decide who will use **X**'s and who will use **O**'s.

### How to Play:

Take turns writing your symbol in one of the open spaces on the grid. Try to get three symbols in a row while also blocking your opponent from getting three of their symbols in a row.

Whoever gets three of their symbols in a row first wins.

If no player gets three in a row it's a draw and the game starts over with a new empty grid.
